

The Buckeye Ranch is excited to announce that we have partnered with Binti! Whether you are new to fostering or a long-time provider, Binti streamlines the licensing process through an always available and easy-to-use online portal.

How do I access my account?

First-time applicants will receive a unique sign-up link to create an account. If you are a returning foster parent, an account will be created for you. Once you have an account, you can login at family.binti.com.

Is my information secure?

Binti is committed to keeping your personal information safe. All information that you provide is encrypted, making it unreadable to anyone outside of Binti. We routinely conduct security audits to ensure data is protected. Unlike paper, your digital application cannot be misplaced or viewed by anyone that is not authorized to have access to your information. You can learn more about our security practices in the [Help Center](#).

Who can I contact with questions about Binti?

Binti has a US-based support team available from 8a-9p Central/9a-10p Eastern, Monday to Friday. Help is available in English and Spanish. Our Help Center is available 24/7.
